O que foi feito

GitHub

The screenshot shows a GitHub repository page. At the top, there's a navigation bar with 'README' selected. Below it, the repository name 'Engenharia de Software (IF977)' is displayed in large, bold letters. A green callout bubble points from the top right towards this section. In the main content area, there's a section titled 'DOOKA' with icons for a document and a pen. A detailed description follows: 'Este repositório é dedicado ao desenvolvimento de um software cuja finalidade tem de facilitar o gerenciamento de avaliação de desempenho das equipes dentro de uma determinada empresa. Esta plataforma permite ao "GP" avaliar seus funcionários dentro de uma sprint de trabalho, proporcionando uma visão atualizada do progresso e das áreas de melhoria individual.' Another green callout bubble points from the bottom right towards this text. Below this, there's a 'Objetivo' section with a document and wine glass icon, and a 'Como rodar' section with a play button icon.

DOOKA

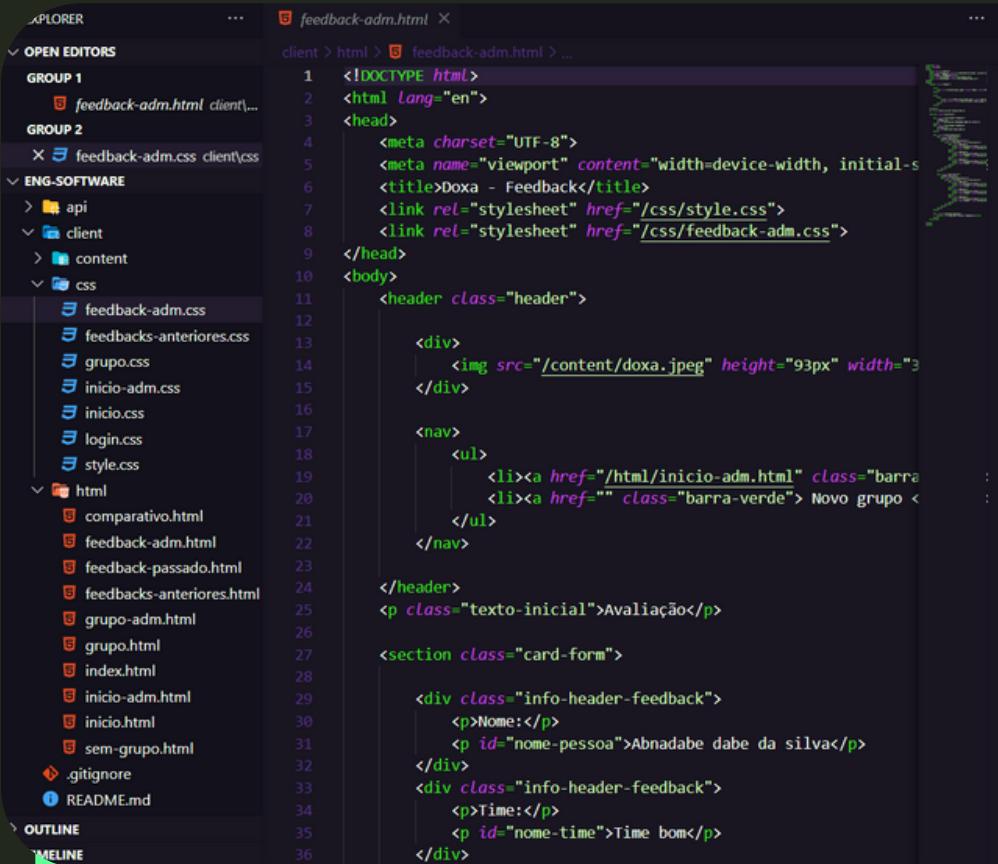

Este repositório é dedicado ao desenvolvimento de um software cuja finalidade tem de facilitar o gerenciamento de avaliação de desempenho das equipes dentro de uma determinada empresa. Esta plataforma permite ao "GP" avaliar seus funcionários dentro de uma sprint de trabalho, proporcionando uma visão atualizada do progresso e das áreas de melhoria individual.

Objetivo

O objetivo deste projeto é criar uma plataforma de gestão de feedback pessoal entre os integrantes de uma equipe de trabalho.

Como rodar

Front-end

A screenshot of a code editor interface. On the left, the Explorer sidebar shows a file structure with groups like GROUP 1, GROUP 2, and ENG-SOFTWARE, containing files such as feedback-adm.html, feedback-adm.css, and various HTML files under html. The main area displays two open files: feedback-adm.html and feedback-adm.css. The HTML file contains basic structure like DOCTYPE, head, and body sections, along with some navigation and content. The CSS file contains styles for the feedback page, including a header, navigation bar, and a section for evaluation.

```
client > html > feedback-adm.html ...
1 <!DOCTYPE html>
2 <html lang="en">
3 <head>
4   <meta charset="UTF-8">
5   <meta name="viewport" content="width=device-width, initial-s

```

A screenshot of a code editor interface showing two CSS files side-by-side. The left file is feedback-adm.css and the right file is info-header-feedback.css. The feedback-adm.css file contains general styles for the feedback page, including a header, navigation bar, and a section for evaluation. The info-header-feedback.css file contains specific styles for the evaluation form, such as layout and font sizes.

```
.info-header-feedback {
1   display: flex;
2   flex-direction: row;
3   width: 100%;
4   justify-content: center;
5   gap: 10px;
6   margin-top: 30px;
7 }

8 .texto-inicial {
9   width: 100%;
10  font-size: 20px;
11  text-align: center;
12  margin-top: 30px;
13  margin-bottom: 40px;
14  font-weight: 500;
15}

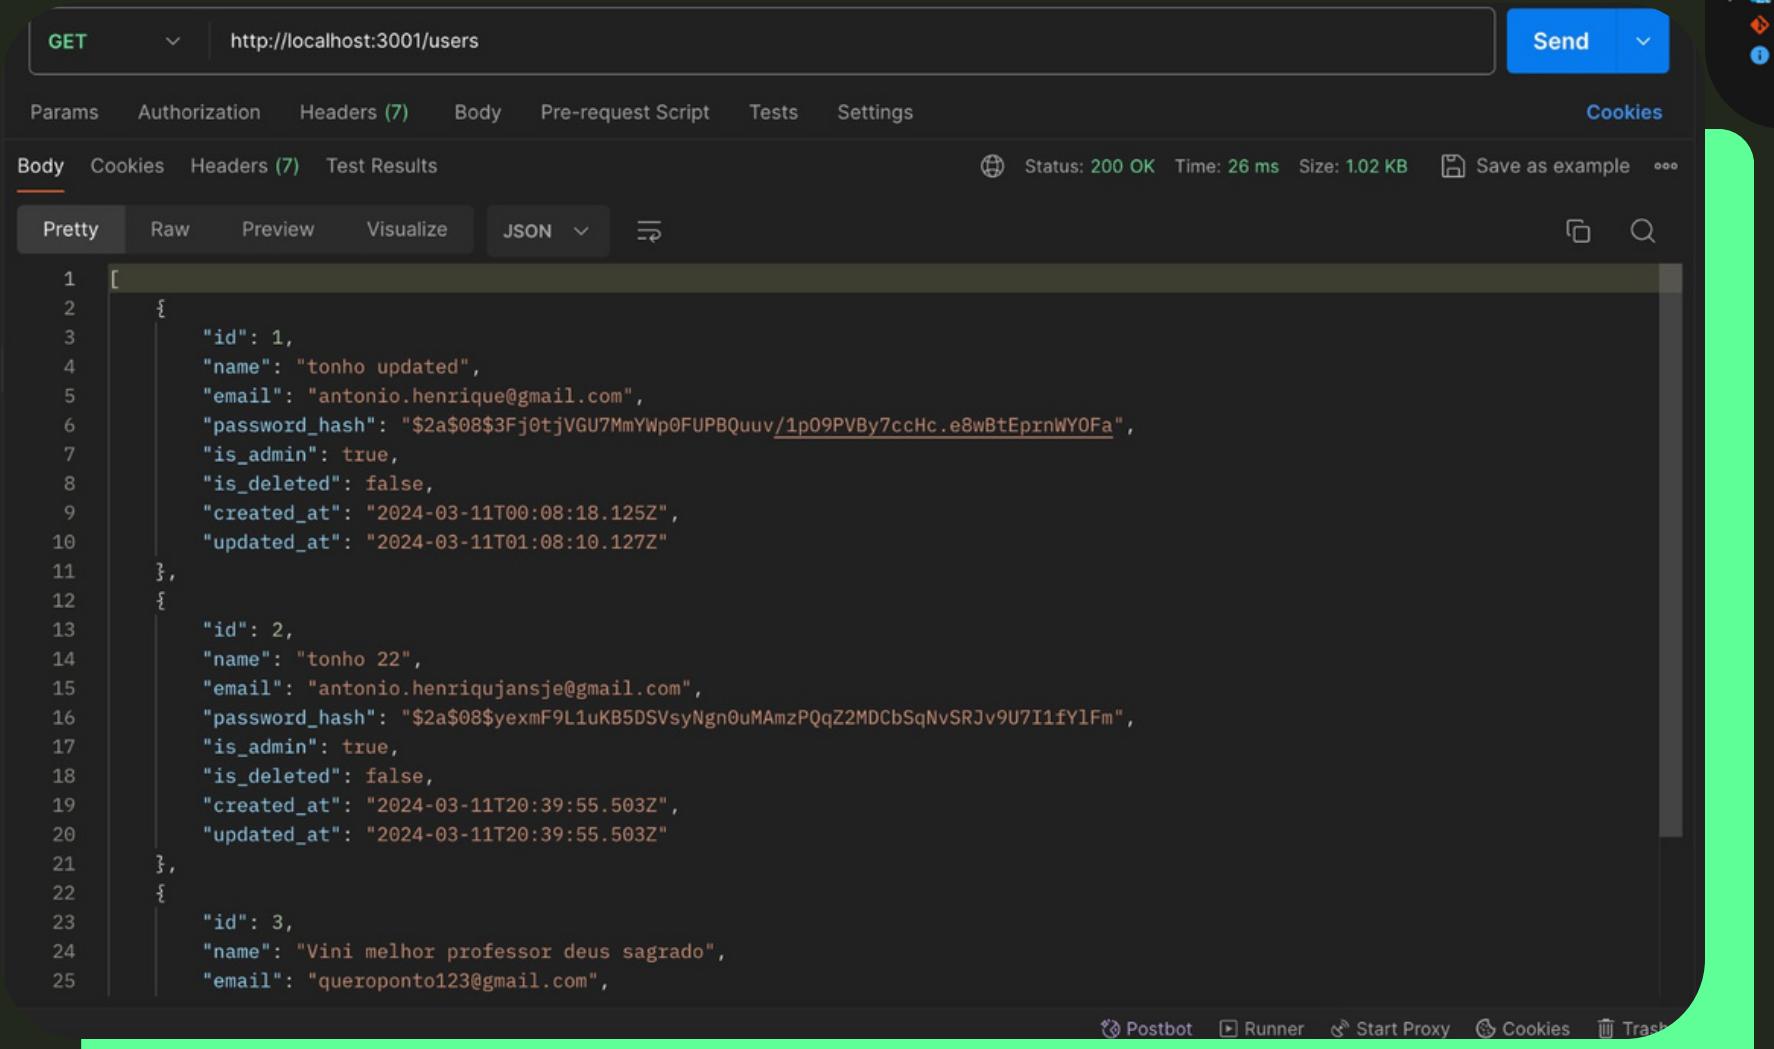

16 .info-formulario {
17  margin-top: 50px;
18  display: flex;
19  flex-direction: row;
20  width: 100%;

21 .hard-skills {
22  display: flex;
23  flex-direction: column;
24  align-items: center;
25  width: 50%;
26  height: 200px;
27}

28 .soft-skills {
29  display: flex;
30  flex-direction: column;
31}
```

}
```

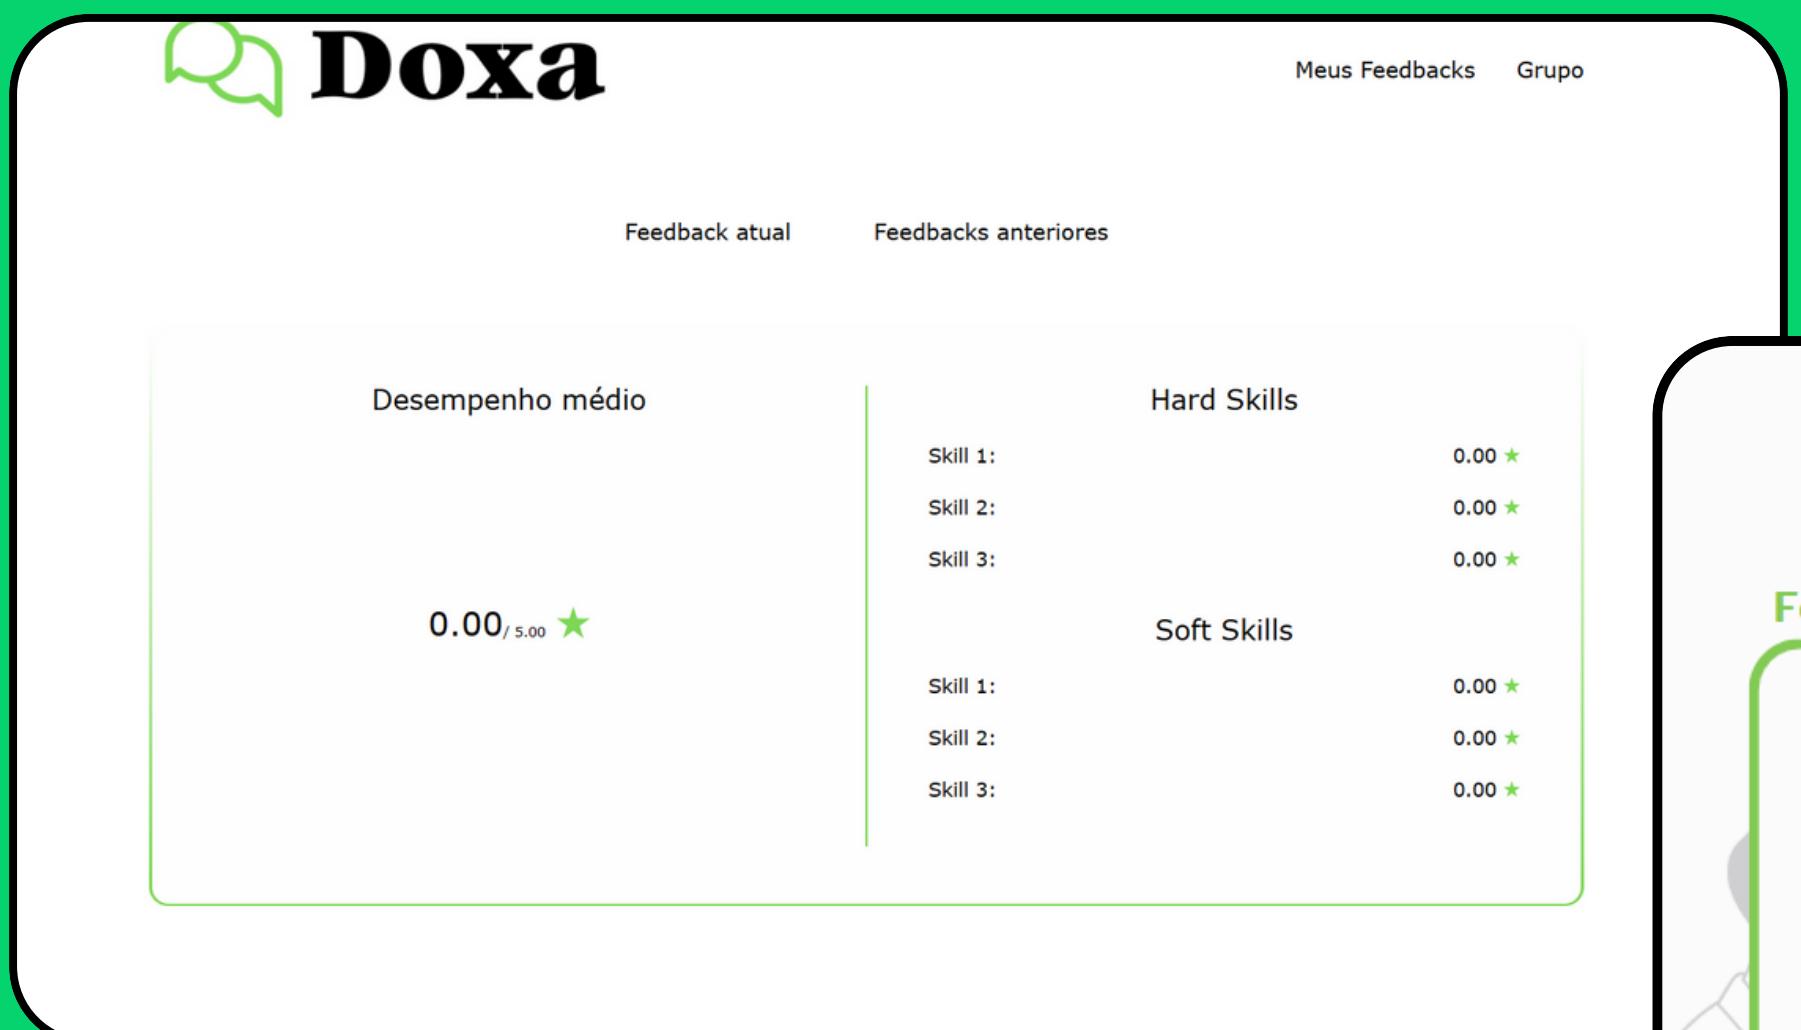

Próximos passos:

Integrar com
framework

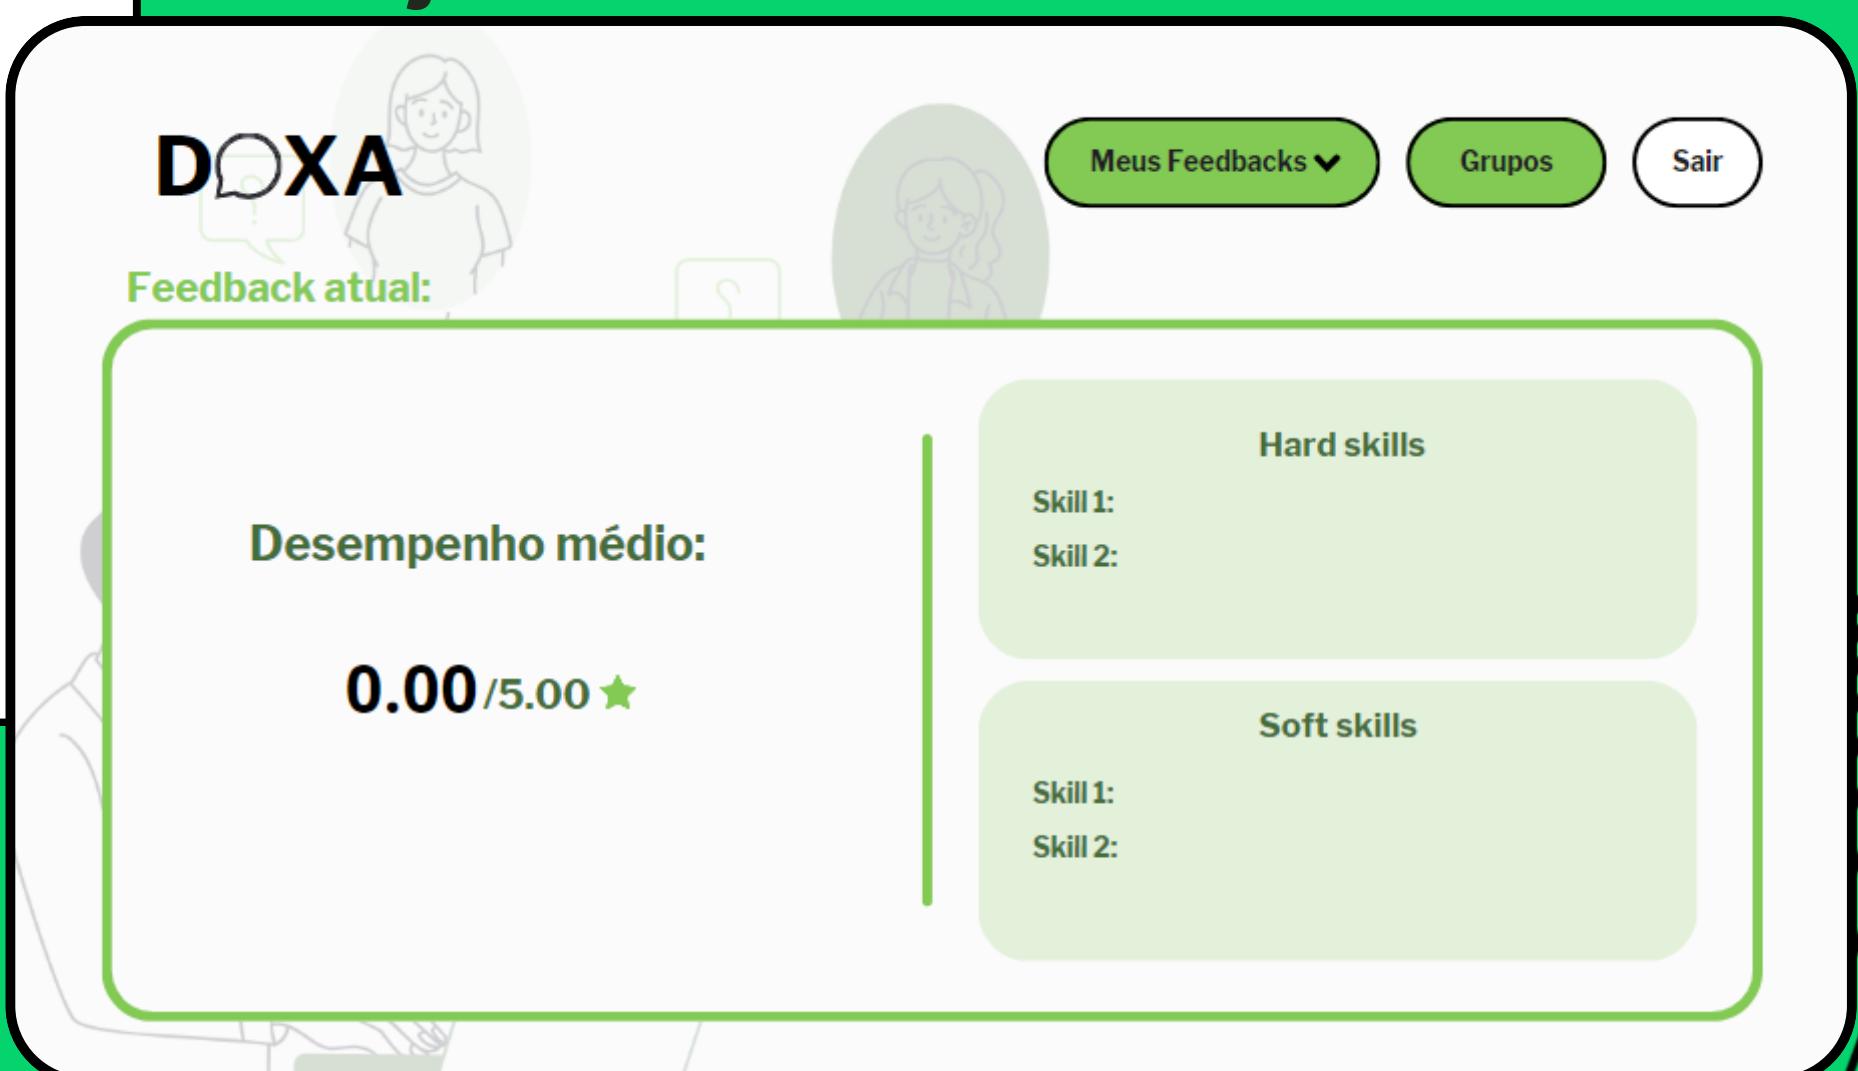

Próximos passos:

Atual:

Realizar redesign

Planejado:

Two wireframe designs for a user interface. The left one shows a dashboard with user profiles and a graph, overlaid on an illustration of two people looking at a tablet. The right one is a login screen with fields for 'Usuário' and 'Senha' and a 'Entrar' button.

Próximos passos:
Realizar redesign
Visando maior identidade visual

A redesigned version of the user interface. It features a top navigation bar with 'Meus Feedbacks', 'Grupos', and 'Sair' buttons. The main area displays performance graphs for 'Hard skills' and 'Soft skills'. The 'Hard skills' section shows two line graphs for 'Skill 1' and 'Skill 2'. The 'Soft skills' section also shows two line graphs for 'Skill 1' and 'Skill 2'. The overall design is more modern and cohesive than the original wireframes.

OBRIGADA!
DOXA
